

GU Secury Europa Lever Operated Latch & Deadbolt Single Spindle - 4 Roller

Description

The GU Secury Europa is a lever operated single spindle multipoint lock system with a Euro profile lock case, 35mm backset, 92mm centres, a 16mm wide faceplate and 4 rollers. This product can be operated by lifting the lever to engage the locking mechanisms and turning the cylinder fully, thus locking the unit. One full turn of the key followed by a downward push of the lever will unlock the system when locked.

35mm Backset
